

Home Water Testing

Does your water come from a well, spring, or cistern?

Do you want to learn more about the quality of your water?

How it works:

1. Pick up a sample kit from your local Extension office between August 31 and September 4, with physical distancing measures, and get instructions to collect your household water sample. If other accommodations are needed contact the Extension office.
2. Drop off sample at a designated location and time on September 9 (physical distancing measures will be in place and masks are required).
3. Samples are analyzed at Virginia Tech. Receive your confidential results, and explanation of what they mean, and information about addressing any problems via mail or email. A live video or recorded video presentation will be available to help you understand your results.

FEE: \$60 per sampling kit

PRE-REGISTRATION/ PRE-PAYMENT REQUIRED!!

TO REGISTER FOR THE CLINIC, REGISTRATION/PAYMENT MUST REACH US BY 5:00 P.M. SEPTEMBER 4, 2020.

Make check/money order payable to 'Treasurer of VA Tech' and mail with completed registration form to:
